VS1202, VS1402, and VS1502 General Information

VS1402 comes standard with a 90-Day Factory Direct Warranty that includes phone support and depot service. Warranty begins at time of shipment to customer.

The following optional on-site services are also available:

- On-site installation and training by our local provider (only one visit)
- Service contract providing preventative maintenance and on-site support after the 90-Day Warranty. (On-site installation and training is available separately.)
