

## VS1202 Folder Sealer

- The **VS1202** provides a user-friendly solution for processing one-piece pressure-sensitive mailers.
- Combined with a laser printer and pressure seal forms, the **VS1202** creates secure, mail-ready pieces in minutes, without the need for envelopes.
- The clearly marked fold plates, simple ergonomic controls and drop-in feed system provide easy set-up and operation, right out of the box.
- These features, plus a compact desktop design, make the **VS1202** ideal for any office environment with low-volume applications.
- A processing speed of up to 38 forms per minute and the added capability of processing 14" forms enable operators to complete daily processing jobs with ease.

Ergonomic ON/OFF switches
