

VSX Folder Sealer

- The **VSX** offers a user-friendly mid-volume solution for processing one-piece pressure-sensitive mailers.
- Its integrated output conveyor keeps processed forms in a neat, sequential order, ready for the mail.
- Newly redesigned fold plates are clearly marked and easier to adjust, making the **VSX** a breeze to setup, right out of the box.
- The compact desktop design and ease of set-up and operation make this unit ideal for processing documents in an office environment with low-volume applications.
- A processing speed of up to 6,250 forms per hour and the capability of processing 14" forms enable operators to complete daily jobs with ease.

Integrated Conveyor

Redesigned fold plates - Clearly marked and easier to adjust
